### Important! Please read and understand your contract:

#### TOWING SERVICE

**COVERED PERSON(S):** Benefits under this contract will be payable to and on behalf of the CONTRACT HOLDER named above and that person's spouse, and, if listed herein, and an additional contract fee paid, up to one Designated Cohabiting Non-Relative, and for the vehicle(s) listed herein. If the FAMILY COVERAGE option has been selected and an additional contract fee paid, benefits under this contract will extend to all licensed relatives of the CONTRACT HOLDER living in the home of the CONTRACT HOLDER — but only on the vehicle(s) listed herein. If the NON-OWNER'S option has been selected, benefits under this contract will be paid to and on behalf of the one CONTRACT HOLDER named below and no other person while operating any eligible vehicle not owned or furnished for that person's regular use. Your benefits apply anywhere in the continental United States of America, Hawaii and Alaska. All of the benefits under this contract will be paid on a reimbursement basis. In other words, you pay the charge, then call us and we will send you a claims checklist which you return to us along with the original customer copy of the bill made to you or your spouse. We will then send your claim check directly to your home. Group Benefit Package benefits apply only to the one designated CONTRACT HOLDER and not to other family members or any other person.

#### VEHICLE ELIGIBILITY

The following classes of vehicles are eligible for coverage under this certificate and may be designated for benefits if listed on the face of this contract: 1) Four wheel private passenger vehicles or motorcycle designed for on-road use and not used as a public livery conveyance. 2) Pickup trucks and light utility vehicles with a gross vehicle weight under 10,000 lbs. and a load capacity less than one (1) ton and not used in business. Pickup trucks and vans that are used in business are eligible if the BUSINESS USE OPTION has been selected and an additional contract fee paid. If the NON-OWNER'S block has been selected on the face of this contract, and the contract holder is driving a vehicle otherwise eligible under this section, then whenever this contract refers to the car, or one of the cars listed in this certificate, the contract is referring to any non-owned vehicle that the contract holder may be driving that is not furnished for his normal and customary use.

#### PERSON(S) ELIGIBLE FOR BENEFITS

**BASIC CONTRACT:** Whenever the contract refers to YOU or YOUR or YOURS or a Covered Person, it is referring to the one person named in the contract and their legal spouse. National Consumer Services, Inc. does not recognize common law marriages for the purpose of determining eligibility for benefits under this contract. Whenever the contract refers to WE, US or OURS, it is referring to National Consumer Services, Inc. (NCS) NCS designed this contract to benefit you, the consumer. In order to keep this contract affordable, there are limitations and conditions. You should read the entire contract so that if you require claim service, you will understand exactly how to help us serve your needs and quickly pay your claim.

**FAMILY COVERAGE OPTION PURCHASED:** Whenever this contract refers to a Covered Person, it also refers to any relative that resides permanently within the residence of the contract holder and who holds a valid driver's license showing an address identical to the contract holder's address.

**COHABITING NON-RELATIVE OPTION PURCHASED:** Whenever this contract refers to a Covered Person, also refers to the one designated cohabiting non-relative (usually a live-in boyfriend, girlfriend or roommate) shown in the contract and who holds a valid driver's license showing an address identical to the contract holder's address.

**NON-OWNER'S OPTION:** Whenever this contract refers to a Covered Person, it means the contract holder named above only and no other person.

**HERE IS WHAT WE DO:** If the car, or one of the cars, listed on this certificate is involved in 1) an accident while being driven by a Covered Person, or, 2) it is mechanically disabled, we will pay for the reasonable and customary cost of commercial towing, up to \$125.00 per occurrence, to the closest available repair facility, which, in our sole opinion, competent repairs can be made to the vehicle. When we say "per occurrence," we mean per occurrence of mechanical breakdown. Thus, if your car has a carburetor problem, for example, that breakdown is an occurrence. We will only pay for that occurrence once - regardless of how often your car requires towing because of the same carburetor malfunction. If, however, your vehicle, has a carburetor malfunction one day, an electrical problem the next and a transmission problem on the third day, that would be three different occurrences and we would pay all three tow bills subject only to the aggregate limit on this contract.

**HERE IS WHAT YOU MUST DO:** You must report any towing claim to us within 60 days of the date your car was towed and comply with all claim procedures required by us including sending us the original customer copy (photocopies are not acceptable) of the towing bill from any licensed commercial tow facility or automotive repair facility and any other supporting documentation that we require. The towing bill must be in your name and must clearly show the car, or one of the cars, listed on this certificate as the car that was towed, the number of miles towed and the reason for the tow.

**HERE IS WHAT WE WILL NOT DO:** We will not pay 1) towing or impoundment charges resulting from illegal parking or police order or if the driver of the vehicle was arrested at the scene of the tow for any reason other than a misdemeanor traffic violation, 2) that portion of any tow bill in excess of what we deem reasonable and customary for similar services in your area, nor any surcharge added to a tow bill by a body shop or repair facility, 3) a towing claim resulting from an accident or traffic stop in which a person covered under this contract was charged with any violation of the motor vehicle law while under the influence of alcohol, narcotic or psychedelic drugs or "open container laws" or while operating a vehicle without a valid operator's permit, or 4) tow bills if the car, or one of the cars, listed in this certificate is involved in an accident deemed to be the fault of another driver/automobile with valid and collectible PD liability insurance. In such an instance, the at-fault driver is responsible for your towing and you must make claim against his/her property damage insurance. To make such a claim, contact the other insurance agent or insurance company, explain that you have a towing bill as a result of the accident and that you wish it paid. If they refuse, have them put their refusal in writing and mail that refusal to us along with any other paperwork our claims office states is necessary to process and evaluate your claim. If we then pay the claim, you agree to assign any right of recovery you may have against the other party and cooperate fully with us in any efforts we make to collect from the at-fault party as a condition of us paying your claim.

#### EMERGENCY ROAD SERVICE

**HERE IS WHAT WE DO:** If your car becomes unable to proceed safely on its own, we will pay for certain Emergency Road Service labor performed at the scene of disablement, according to the following schedule:

<b>ROADSIDE MECHANICAL SERVICE</b>	Up to \$75.00 Per Occurrence
<b>FUEL DELIVERY</b>	Up to \$50.00 Per Occurrence
<b>CHANGING FLAT TIRE</b>	Up to \$50.00 Per Occurrence
<b>JUMP START OR BOOST</b>	Up to \$50.00 Per Occurrence
<b>LOCKSMITH SERVICE</b>	Up to \$45.00 Per Occurrence

**HERE IS WHAT YOU MUST DO:** You must report any emergency road service claim to us within 60 days of the date you incurred the expense. You must comply with all claim procedures required by us including sending us the original customer copy (photocopies are not acceptable) of the service bill from any licensed commercial tow, automobile repair or locksmith facility along with any other supporting documentation that we require. The service bill must be in your name and must clearly show the car, or one of the cars, listed on this certificate, as well as the nature of the service performed. If the service bill is for parts as well as labor, the bill must clearly break down the charges.

**HERE IS WHAT WE WILL NOT DO:** We will not pay for any charges, such as necessary parts or fuel, other than labor performed at the scene of disablement. For example, if your car is inoperable because of a clogged fuel filter, we will pay for the roadside service to replace the fuel filter, but not the filter itself. We will not pay for labor performed on the premises of any commercial tow, automobile repair or locksmith facility.

**SUPPLEMENTAL EMERGENCY TRANSPORTATION (Rental)**  
(not applicable to NON-OWNER'S contract)

This contract is designed to be as affordable and comprehensive as we could make it, however, not every imaginable situation will trigger benefits under this coverage, nor will every day of your loss of use likely be covered. Your contract provides Emergency Transportation Expense for the most common types of vehicle accidents but not on others that are less likely. In this way, we can provide you with the best possible benefit on those accidents in which you are most likely to be involved. For comparison, while your benefits may have some limitations — none of the other major national motor clubs provide ANY Emergency Transportation (Rental) Benefit.

**HERE IS WHAT WE DO:** Accident: We will pay up to 90% of the reasonable cost of an economy rental car up to a maximum of \$25.00 per day.

**When:** In the event of a collision between a vehicle listed in this certificate while being driven by a Covered Person and another vehicle, person, animal or object where the actual collision takes place on a public roadway and reported by a Covered Person to the police within 24 hours of the accident. When we say "objects," we mean, for example, road repair equipment, tire debris or trash left intentionally or unintentionally on the roadway.

**How many days:** We pay only while, and if, the vehicle is actually being repaired. This may be less than the actual time it takes to get your car back into service. We may use more than one method to determine the number of days you are eligible for rental, but we will use the adjuster's labor time estimate when available. When we calculate your rental using the time estimate, we will pay you one (1) day of rental for every five (5) hours (or fraction thereof) of labor time that it takes to repair your car plus one (1) day extra for paint drying when applicable. The maximum number of days we pay for any one covered accident is twenty (20) days. Total Loss: In the event any insurance company declares the car a constructive total loss ("total"), or for any reason the vehicle is not repaired, then, in lieu of any other Emergency Transportation (rental) benefit provided under this contract, we will reimburse you up to \$15.00 per day for up to five (5) days.

Why this is the fairest method: The time to order parts for different vehicles varies widely. Also, some body shops may take twice as long as others to complete repairs. Our method assures that all contract holders receive equal and fair benefits, regardless of other variables, at an affordable cost.

**Theft of the entire auto:** In lieu of any other benefit herein, if a car listed on this certificate is stolen and you report the theft to police within 24 hours of the theft, we will pay up to \$10.00 per day for up to 20 days or until the car is recovered or replaced. If you have theft insurance on the stolen car, we will pay you up to \$10.00 per day for the difference between what your insurance pays you per day and your actual pure rental cost per day for an economy rental car - but not exceeding 20 days. Many insurance companies pay up to \$10.00 per day for up to 30 days - or until the car is recovered or they agree to replace (or pay for) the car. For example, if your daily rental cost were \$17.50 per day, we would pay you \$7.50 per day in addition to the \$10.00 paid by your insurance company for the same number of days they pay or 20 days — whichever is less.

**HERE IS WHAT YOU MUST DO:** You must report any claim for Emergency Transportation to us as soon as possible, but in no event longer than 60 days from the date of the accident or theft. You must comply with all of the claim procedures required by us including sending us 1) the original customer copy (photocopies are not acceptable) of the rental bill from a licensed commercial rental facility, 2) an original copy of a police report signed by the investigating officer showing the details of the accident or theft, (driver information exchange sheet is not acceptable), 3) a true and complete copy of the auto body shop repair bill, and 4) our completed claim form (which we will supply you when you call to report the claim) along with any other documentation we require. The rental bill must be in the name of you or your spouse and must clearly show 1) the exact dates that the car was taken and returned to the rental company, 2) the exact cost per day or week for the period you rented the car.

**HERE IS WHAT WE WILL NOT DO:** We will not pay any claim for Emergency Transportation resulting from 1) damage to your car from any off-road collision with a vehicle, animal or object (including objects that are part of the permanent construction of the roadway such as guardrails, light poles, bridge supports or traffic signs, trees, shrubs, grass on the median, off the shoulder of the highway, pot holes, ditches, culverts, canals or the surface of the roadway itself) unless the police report shows that the direct and proximate cause of the collision was an initial collision with an vehicle, animal or object occupying the roadway, or, 2) damage to your car while it was parked or while it was not actually being operated by a Covered Person, or, 3) an accident in which a person covered under this contract was charged with any violation of the motor vehicle law while under the influence of alcohol, narcotic or psychedelic drugs or "open container laws," while operating a vehicle without a valid operator's permit, if you were charged with leaving the scene of an accident, or if the vehicle was being used in the commission of a crime (other than a minor traffic violation) at the time that it was involved in an accident, or, 4) your car simply running off or sliding off the road or required because your car has a mechanical breakdown, catches fire, is damaged by vandals or for any other reason other than a) a bona fide collision accident with another vehicle, object or animal occupying the roadway while being driven by a Covered Person on a public thoroughfare, or, b) theft of the entire car. We will not pay for any additional charges other than the pure cost of an economy rental car, such as fuel charges, collision damage waiver or sales tax or upcharges for youthful operators or the cost of renting other than an economy car. We will not pay any claim for Emergency Transportation 1) during any idle or storage period while you are waiting for an insurance company adjuster or while your body shop is waiting for parts prior to beginning work on your vehicle or for any period other than while your vehicle is actually being repaired, 2) if your car is stolen, for rental days once your car is recovered even if your car was damaged after it was stolen, regardless of the type of damage or how it occurred, 3) if the rental bill is in any name other than you or your spouse, unless, because you do not have a credit card or for some other reason we deem acceptable, you call us and obtain written permission to do so before you rent the car! (it will still be necessary for your name or the name of your spouse to be shown as an additional operator on the rental bill). Not-At-Fault Accident: If the car, or one of the cars, listed on this certificate is involved in an accident deemed to be the fault of another driver/automobile with valid and collectible property damage liability insurance. In such an instance, the at-fault driver is responsible for the cost of renting emergency transportation. You must make claim against his/her liability insurance by contacting the other insurance agent or insurance company. Explain that you have a rental bill as a result of the accident and that you wish it paid. If they refuse, have them put their refusal in writing and mail that refusal to us along with any other paperwork our claims office states is necessary to process and evaluate your claim. If we pay such a claim, you agree to assign any right of recovery you may have against the other party (in writing if we ask you to do so) and cooperate fully with us in any efforts we make to collect from the at-fault party as a condition of us paying your claim..

**AUTOMATED CUSTOM TRIP ROUTING**

**HERE IS WHAT WE DO:** At no cost to you, we will computer generate and mail to you a custom trip routing between any two points in the continental United States, including detailed route instructions. Our computer will automatically search a massive database of every major and many minor highways in this country to determine the shortest route to your destination. You can even include up to three "vias." In other words, if you wish our computer to find and detail the best route for you to take on a trip between Atlanta, GA and Denver, CO, you may also say that you wish to go via Baton Rouge, LA and Kansas City, MO and our computer will compute the fastest and most direct route regardless of the complexity of the trip. Normally, we will have your trip route in the mail to you the same day.

**HERE IS WHAT YOU MUST DO:** Simply call us on our national toll-free claims number and provide us the details of your trip. You agree to hold us harmless for any damages or losses you may incur resulting from any route or information received from us.

**HERE IS WHAT WE WILL NOT DO:** Although we wish to provide this service without reasonable limitation, we do reserve the right to limit this service to you if, in our sole opinion, your use of this service becomes excessive or unreasonable. We assume no responsibility for the accuracy of any routing supplied under this service.

**EMERGENCY LIVING EXPENSE (ROOM & BOARD)**  
(not applicable to NON-OWNER'S contract)

**HERE IS WHAT WE DO:** If the car, or one of the cars, listed on this certificate is involved in an accident with another car or object while being driven by you or your spouse and the accident is more than 250 miles from your home address and reported to police within 24 hours, we will pay up to \$400.00 per accident, not to exceed \$100.00 per day, for the room and board of you and/or your spouse while the car is being repaired up to a maximum of four days.

**HERE IS WHAT YOU MUST DO:** You must report any claim for emergency living expense to us within 30 days of the date of the accident. You must comply with all claim procedures required by us including sending us the ORIGINAL CUSTOMER COPY of all bills for either lodging or food for which you are claiming as emergency living expense. You must also send us an original copy (the original copy they gave you) of the police report signed by the investigating officer describing the accident.

**HERE IS WHAT WE WILL NOT DO:** We will not pay emergency living expense resulting from any accident in which any person other than you or your spouse were driving the car, or one of the cars, listed in this certificate, nor will we pay if you or your spouse are involved in an accident driving or riding in a car other than the car, or one of the cars, listed in this certificate. We will not pay emergency living expense resulting from an accident in which you or your spouse were charged with any violation of the motor vehicle law while under the influence of alcohol, narcotic or psychedelic drugs or "open container laws" or while operating a vehicle without a valid operator's permit.

**THEFT AND HIT & RUN PROTECTION**  
(not applicable to NON-OWNER'S contract)

**HERE IS WHAT WE DO:** We will pay up to a \$1000.00 reward to any person(s) other than you, your spouse or any of your relatives or residents of your household for information substantially essential for and leading to the arrest and criminal conviction of anyone 1) stealing the entire car or one of the cars listed in this certificate or, 2) causing hit and run property damage, reported to police within 24 hours, of at least \$1000.00 to the car, or one of the cars, listed in this certificate. To qualify, it must be shown that the arrest and conviction would not have been possible without the information provided and the information must be given directly to a law enforcement agency by the person(s) claiming the reward.

**HERE IS WHAT YOU MUST DO:** Anyone who believes that they are eligible to claim the reward must present substantiating documentation, satisfactory to us, within 30 days of the criminal conviction of the individual for who they provided the information on the hit & run or auto theft charges.

**HERE IS WHAT WE WILL NOT DO:** We will not pay this reward to 1) the contract holder or any relatives thereof, 2) anyone who has any financial interest in the car, or, 3) a law enforcement officer or one who is employed by a law enforcement agency or security company.
